Completing the Aboriginal & Torres Strait Islander screen

If you indicate your research project involves Likely ATSI participants on the Research Checklist you will need to complete the Research Involving Aboriginal and Torres Strait Islanders screen.

Specify the details of the ATSI participants

Relevant guidelines

1. Tick the checkbox to indicate you have read and applied the guidelines specified.  
   Note: while you may progress without checking this box, you will be unable to submit your application until it is checked.

Reference Group

2. Click on the appropriate radio button to select whether the appropriate reference group/s has been/will be established.

3. Enter further details for this response in the field below.
   - Yes: enter full details of membership for the reference group/s.
   - No: explain why the reference group/s has not/will not be established.

Approval from relevant community representatives

4. Tick the checkbox/s to select the method/s in which approval has been obtained.  
   Note: if you select Other you will need to complete additional information in the field that displays below.

If you have selected Other go to task #5. Otherwise go to task #6.

5. Enter the details of the other form of approval obtained.

6. Click on the Next button to proceed to the next screen.
